

Better Days

INTRO: 4 BARS

(Am - F - C - G)

VERSE 1

Better days are coming, if no one
told you

I hate to hear you crying, over the
phone, dear

For seven years running, you've
been a soldier

But better days are coming'

Better days are coming' for you

PRE-CHORUS

So when the night feels like forever
(mm)

I'll remember what you said to me

CHORUS (Am - F - C - G)

I know you've been hurting'

Waitin' on a train that just won't
come

The rain, it ain't permanent

And soon we'll be dancin' in the sun

We'll be dancin' in the sun

CHORUS 2 (Am - F - C - G)

And we'll sing your song together

And we'll sing your song together

VERSE 2

We never miss the flowers until the
sun's down

You never count the hours until
they're runnin' out

You're on the other side of the
storm now, you should be so proud

Better days are coming

Better days are coming for you

PRE-CHORUS

So when the night feels like forever
(mm)

I'll remember what you said to me

CHORUS (Am - F - C - G)

I know you've been hurting

Waitin' on a train that just won't
come

The rain, it ain't permanent

And soon we'll be dancin' in the sun

We'll be dancin' in the sun

CHORUS 2

And we'll sing your song together
And we'll sing your song together
And we'll sing your song together
And we'll sing your song together

CHORUS 2

And we'll sing your song together
And we'll sing your song together
And we'll sing your song together
And we'll sing your song together

BRIDGE (Am - F - C - G)

Your story's gonna change, just wait
for better days

You've seen too much of pain, now
you don't even know

That your story's gonna change,
just wait for better days

I promise you, I won't let go

OUTRO CHORUS (Am - F - C - G)

I know you've been hurting

Waitin' on a train that just won't
come

The rain, it ain't permanent

And soon we'll be dancin' in the sun

We'll be dancin' in the sun
