

“I already have some of the books. Can you reduce my bill?”

Yes. The system is flexible for you to select only the textbooks that you do not have, but need, in order to support your child's classroom and home learning.

“What if I change my course?”

Year 7 students rarely change courses. If you think your child may change courses, please get in touch via textbooks@jis.edu.bn. We will swap books to reflect a course change within the first two weeks of the school year, so long as the returned textbooks are in pristine condition. Please see the next section below for more information on buying additional books through the school.

“What if I need to buy a textbook later in the year?”

If a student loses a textbook, it is their responsibility to replace it. We do not generally keep a large stock of surplus textbooks, but if we happen to have a copy of the textbook you need then we can sell it to you for an additional charge. If we do not have the book in stock, the Accounts Department may be able to order a copy of a textbook on your behalf, but the price will reflect the book costs and shipping costs at the time of order. Shipping costs especially are likely to be higher.

“How do I pay?”

Payment instructions will be given with the order form. Accounts will directly invoice you after receiving your order. You can pay the bill directly to Accounts using cash, cheque or telegraphic transfer.

Yours faithfully,

The Textbook Team
