Textbooks at JIS - Students going into Year 12 IB

Dear Parents, Guardians, and Caregivers,

As your child embarks on their post-16 education pathway at JIS, you have the option for JIS to supply textbooks directly to you.

Please find attached the [Year 12 IB booklist](#) (with ISBN and title) if you prefer to source the books yourself. **You will receive an order form via email on Thursday, 22-08-2024.**

You can then choose the appropriate books based on your child's option choices and place your order after Year 12 Enrolment Day on Saturday, 24-08-2024.

IMPORTANT NOTE: Kindly submit the order form **ONCE ONLY** to avoid duplication.

By week 4 of the first term, it is anticipated that all students will possess the appropriate textbooks for their studies.

The primary textbook used in the IB program is 'Kognity.' Kognity is a contemporary, adaptive, and intelligent resource covering a wide range of subjects. As part of their academic requirements, all IB students are obliged to purchase this online textbook, conveniently organised through the school system to facilitate interactive classrooms. The cost of Kognity, covering both years of the course, is **BND 530.00**. Further details are available [here](#).

To ensure you are informed, another significant expense for IB supplies is the **Texas Instruments TI-84 PLUS CE Graphing Calculator**. All IB students are required to purchase this calculator separately, as it is not included in the textbook invoice.

Option 1: The calculator is available for **pre-order** at the school shop, requiring a prepayment of approximately **BND 248.00** at the Accounts Office.

Option 2: If you are considering purchasing an older version, please consult the Maths teacher at JIS for guidance.

Not all subjects require textbooks. If your subject is not listed in the Year 12 IB Booklist, don't worry; you can still access content for many subjects through your Kognity subscription.

If you have any questions, please see our [FAQs page](#). For questions not covered in the FAQs, please fill out this [Textbook Enquiry Form](#).

Thank you.

Yours sincerely,

JIS Textbook Team
